Guidelines & Rules

- Male and Female leaders and parents require separate sleeping facilities, assigned rooms or private areas. The only exception to this rule is on designated "Family Camp" events.
- Separate latrine facilities are available for Male & Female guests. Adults or Youth shall only use the facility marked to their gender.
- Knock before entering ANY private room and enter upon permission.
- Showering for youths is from 6am-10pm. Parents are not allowed to shower with their child or assist their child with showering. Adult shower time is **only** when youths are sleeping from 10pm -6am.
- The Boys Scouts of America strictly **prohibits** the use of alcoholic beverages and controlled substances at encampments or activities on property owned and/or operated by Boy Scouts of America, or at any activity involving the participation of youth members.
- All scouting functions, meetings and activities should be conducted on a **smoke-free basis**, with designated smoking areas located away from all participants.
- **Two-deep leadership:** Two registered adult leaders, or one adult and a *parent of a participating scout*, one of whom is at least 21 years of age, are required for all trips or outings.
- **All scouts will adhere to the Buddy system.** The policy of the Boy Scouts of America is for boys to be active but in groups of no smaller than two. Individual Scouts are required to find a buddy (another Scout or parent) when they are participating in Scout functions. This includes going to the car, restrooms, on walks etc.
