

Pack 1152
Spring Camp
Equipment List

This is a list of necessary items if you are not sure what to bring to camp. Some of these are mandatory. **There are no electronics of any kind allowed at camp** (i.e. DS, phones, iPod). Adult leaders will have mobile service at camp if needed. All quantities are minimums – it’s good to have extras, and remember, “be prepared”. **Everything a scout brings to camp should have their name on it.**

Remember, it might be cold and lots of snow, or wet and muddy. Maybe it will be dry, sunny and hot, so you cannot pack too much. It can always be brought back home clean. We hate to see a Scout with one pair of wet shoes all weekend. Let your Scout do the packing, but double-check for completeness!

We will be outdoors all weekend!
